Southeastern FCU Purchases Land for New Headquarters

Valdosta, Georgia – Southeastern Federal Credit Union has purchased 2.8 acres of land at the corner of North Valdosta Road and Country Club Drive. The tract will be used to build the Credit Union’s future headquarters, which will also house a full service branch office. At present, Southeastern FCU’s main office is located in the 5 Points Shopping Center. “We are looking forward to growing with Valdosta and South Georgia with this new facility,” said Lee Morgan, President/CEO. “Due to the growth we’ve had, a new headquarters was inevitable.”

Southeastern Federal Credit Union serves 19,000 members comprised mainly in South Georgia with assets of over \$72 million. Currently, there are three branch offices located in Valdosta and one in Tifton.
