### **Southeastern FCU's Opens New Perimeter Branch Office**

**Valdosta, Georgia** – Southeastern Federal Credit Union opened its new Perimeter branch office on November 13, 2007. The branch is located at 3669 Inner Perimeter Road near the intersection of Bemiss Road and Inner Perimeter Road. With the opening of this facility, the Credit Union closed its Five Points branch office.

The all-brick, freestanding structure offers many new conveniences that were not available at the Five Points branch, including four drive-thru lanes, a drive-up ATM, and Saturday hours (9 am – 1 pm).

The Five Points location will still house the Credit Union's mortgage department and administrative services. The ATM will also remain open at this location.
